Dear Ms. Hewitt:

Permission is granted in response to your request to archive material previously published in *Military Medicine: International Journal of AMSUS*, as listed below:

Initial subjective load carriage injury data collected with interviews and questionnaires.

Authors: Birrell, S., Hooper, R., MilMed. 2007, March; 172 (3): 306-11.

Under this statement of permission, the material requested may be archived in your institutional repository, WRAP described in your correspondence dated October 28, 2013.

There will be no charge for this permission as long as the archive of this material is maintained within your archive and not reproduced without further approval. If you have any questions concerning this statement of permission please feel free to contact me.

Sincerely yours,

Joanne Manelli
Editorial Assistant
Military Medicine
